Thermal performance

The thermal performance of our box depends on the outside temperature and the load. We will be happy to check your specific requirements and optimise the box individually for your application.

Thermobox without cooling elements

- Ambient temperature: 30°C
- Temperature development in the box
- Ambient temperature: 15°C
- Temperature development in the box
- Ambient temperature: 0°C
- Temperature development in the box

Not your taste?

No problem, we will be happy to put together a customised box that meets your exact requirements.

Choose your preferred colour, adjust the density or add your company logo or individual labels to the box.

Your ideas are incorporated directly into the design and we create your personalised box based on our tried-and-tested standard models.
